Complaint #176545

Hydra Fund 2 deposited \$200 into my checking account on 11/9/12. I was notified of the deposit and looked into it immediately. I called my bank and explained that I did not authorize this and they told me to contact the company and try to get it reversed. I contacted Hydra Fund 2 at 1-888-302-5332 and spoke to a lady who said that she could reverse the deposit and make sure no further access was granted to my account. I then called my bank again and they instructed me to transfer all my funds to another (completely unrelated account) and close the account that had been violated. This company, Hydra Fund, is a SCAM.

God luck-they obviously want interest, thats why they have scammed so many people.I don't think they will take money back w/o you paying the interest. They have your bank acct # and routing # therefore they can keep submitting your acct..I was advised by my bank to close

and reopen a new acct so they won't have your new info

I had the same thing happen to me on the 9th and called and asked them to take back their money. This morning when I woke and checked my bank account 30 dollars was missing, which I assume is their doing. That puts me under the 300 they gave me, I get paid on Thursday so hopeful they'll at least wait until then to take back their money, I have a very bad feeling about this.

I filed the fraudulent activity with my bank and also sent an email to Hydra Fund stating that they illegally debited my bank acct without permission from me to do so. I told them that I did not owe any further fees and that I would speak to my attorney if they performed any further transactions to my acct. I filed a dispute on the original deposit of \$300 and for the \$90 that they took from my acct. In total they owe me \$90. I went into my acct today and there is a withdrawal from Hydra Fund (even though I placed a stop pay) for \$300! Where is my \$90?!?! I am furious! I thought it was my bank reversing the disputed item but they said it wasn't. So now I have 3 disputes with my bank! I want to be back where I originally was before they started dipping into my acct! Then my bank starts telling me some crap about me accepting the original deposit! I didn't accept it! I didn't even realize it was there...my acct had over that amount in it every day since it was put in! I did not use the \$300 and did not ask for it! I just want my \$90 back!!!! When will places like this be put out of business? Preying on unsuspecting victims!

Edward, I am having the same issue. I did not approve any loan application whatsoever! It's been going on for 2 months now and I'm still trying to resolve it. My bank is no help and I am considering, although I can't afford it, getting the advice of an attorney. I hope that you were able to get your issue resolved as I know the stress this is putting me through.

You should be able to open a new acct with a different acct and routing #--that's what my bank advised me to do. Hydra would not have your new info, therefore they can't get into your new acct..I was advised that this company is out of New Zealand and probably not licensed to offer payday loans in your state..therefore the loan is uncollectable..They use a collection agency in Kansas..ie NCA to try to collect the money and interest..File complaint with Attorney General and check your credit report to see if they have put the loan on it
