Complaint #203351

Since 2005 I have been paying for what I believed was a life insurance policy with OM Mutual. Recently the company "changed" to FGLifeInsCo. I thought it was strange that recently a rep came out to my house to discuss my policy but she didn't have any information about the policy. She informed me that I would have to call FGLifeInsCo. I have lost about \$2700 to this fraudulent company.

Complaint #161679

This company preys on families with new homes, they told my husband and i both to get coverage paying \$175 total monthly and after 7 years and hearing alot of complaints i decided to call and ask about a cash recoupment because i wanted to go with another company, the rep was very rude and matter-of-fact-like and told me that i would only get \$300 back after paying \$14,000 dollars, its a RIP-OFF and they sure as hek don't tell you that when they're selling it to you..

I re-financed my home, and was contacted by an insurance agent from "Old Mutual" insurance company, convincing me that I needed life insurance to protect the house, if I died. Never really thought about the \$40 coming out of my account every month, until OM Financial changed to Fglifeinsco on my bank statement. I waited for some notice that the original company had changed names, or had been bought. Nothing...So today I began my investigation to find that for the past 4 1/2 years, I have been paying some scam artist. You wont get my \$ next month, thats for sure.

Well ...had an insurance agent come to my home telling me importance of having disability insurance. I agreed and signed a "contract" well that was 08/2008. I had not received a policy packet...or policy number and it was for an ins co. Called old mutual. Finding out today they are in Africa??? Anyways was reviewing my bank statement seen the usual \$101.43 deducted saw FGLIFEINSCO decided to google them to get in contact with them...A SCAM.!? So I stopped payment to these ppl. Also contacted the agent who told me to call the 1-800 number for which I did and guess what? Disconnected. So I call the agent back now he won't answer his phone. I went to the old mutual site and tried to get on it and register..all the phone numbers are for Africa. And I also called the fraud hotline listed on the site...and the woman was a foreigner who asked me for my bank acct number????! I stated to her I would not give her that information considering I got her number off the old mutual site whom this company may have scammed me. So total I am out almost \$ 4,800.00 thinking I had a life insurance policy. Bastards!!
